Contents

No. 1 FEBRUARY 1968 — Page

Signposts ... 1
Experimental cholelithiasis J. W. FRESTON and I. A. D. BOUCHIER ... 2
Carbenoxolone sodium M. J. S. LANGMAN ... 5
Crohn's disease of the colon and its distinction from diverticulitis G. T. SCHMIDT, J. E. LENNARD-JONES, B. C. MORSON, and A. C. YOUNG ... 7
Diseases associated with ulcerative colitis and Crohn's disease BARBARA HAMMER, PAMELA ASHURST, and J. NAISH 17
Degradation of bile salts by human intestinal bacteria M. J. HILL and B. S. DRASAR ... 22
Ready absorption of medium chain triglyceride in the steatorrhoea syndrome B. J. SMITS, P. WILDING, and W. T. COOKE ... 28
Histological and functional study of gastric mucosa in tropical sprue H. G. DESAI, A. V. BORKAR, and K. N. JEEJEEBHOY ... 34
Effect of patterns of eating and antacids on faecal urobilinogen excretion S. L. MALHOTRA ... 38
Treatment of gastric ulcer with carbenoxolone: antagonistic effect of sprionolactone RICHARD DOLL, M. J. S. LANGMAN, and H. H. SHAWDON ... 42
Treatment of gastric ulcer with oestrogens RICHARD DOLL, M. J. S. LANGMAN, and H. H. SHAWDON ... 46
Some experience with deglycyrrhizinated liquorice in the treatment of gastric and duodenal ulcers with special reference to its spasmolytic effect S. N. TEWARI and F. C. TREMBALOWICZ ... 48
Effect of oesophageal perfusion with acid on basal gastric secretion G. R. GILES, C. G. CLARK, and R. BUCHAN 52
Clinical data and characteristics differentiating types of peptic ulcer K. T. VESELÝ, Z. KUBÍČKOVÁ, and M. DVOŘÁKOVÁ with the statistical assistance of K. ZVOLÁNKOVÁ ... 57
Comparative study of operated cases of peptic ulcer in Madras in the 1940s and 1960s N. MADANAGOPALAN, R. SUBRAMANIAM, and M. N. KRISHNAN ... 69
Studies of the epidemiology of peptic ulcer in a rural community: prevalence and natural history of dyspepsia and peptic ulcer R. DEANS WEIR and E. MAURICE BACKETT ... 75
Treatment of chronic constipation with lactulose syrup: results of a double-blind study A. WESSELIUS-DE CASPARIS, S. BRAADBAART, G. E. V.d. BERGH-BOHLKEN, and M. MIMICA ... 84
Effect of vagotomy upon the small intestine J. BEJAR, S. A. BROITMAN, and N. ZAMCHECK ... 87
Effect of intravenous iron therapy on gastric acid secretion in iron-deficiency anaemia H. G. DESAI, B. C. MEHTA, A. V. BORKAR, and K. N. JEEJEEBHOY ... 91
Alkaline phosphatase levels in normal and diseased small bowel ANNE FERGUSON, W. C. WATSON, J. D. MAXWELL, and G. S. FELL ... 96
Gastric secretory response to iron therapy W. D. STONE ... 99
Rectal and colonic mucosal biopsy findings and faeces, sigmoidoscopy, and histopathological correlation in amoebiasis and other colitis N. MADANAGOPALAN, S. P. VEDACHALAM, R. SUBRAMANIAM, and R. G. MURUGESAN ... 106
Effect of a synthetic gastrin-like pentapeptide upon the intestinal transport of sodium, potassium, and water J. C. GINGELL, M. W. DAVIES, and R. SHIELDS ... 111
Gastric cancer associated with gastroenterostomy and partial gastrectomy F. PYGOTT and V. L. SHAH ... 117
Use of 2 deoxy-D-glucose to test for the completeness of surgical vagotomy D. G. THOMAS and H. L. DUTHIE ... 125
A fistula for measurement of bile flow and composition in the dog D. M. FLETCHER and R. L. CORRY ... 129
Notes and activities ... 131

No. 2 APRIL 1968

Signposts ... 133
Pepsinogens and pepsins MICHAEL D. TURNER ... 134
Effect of irritant purgatives on the myenteric plexus in man and the mouse BARBARA SMITH ... 139
Prognostic value of the serum proteins during severe attacks of ulcerative colitis F. T DE DOMBAL ... 144
Radiological signs of ulcerative colitis: assessment of their reliability by means of observer variation studies N. GEFFEN, A. DARNBOROUGH, F. T. DE DOMBAL, G. WATKINSON, and J. C. GOLIGHER ... 150
Radiological appearances of ulcerative colitis: an evaluation of their clinical significance F. T. DE DOMBAL, N. GEFFEN, A. DARNBOROUGH, G. WATKINSON, and J. C. GOLIGHER ... 157
Crohn's disease of the colon V. J. MCGOVERN and S. J. M. GOULSTON ... 164
Effect of different foods on the acidity of the gastric contents in patients with duodenal ulcer. Part III: *Effect of altering the proportions of protein and carbohydrate* J. E. LENNARD-JONES, JANET FLETCHER, and D. G. SHAW ... 177
Effect of diet on faecal and urine urobilinogen excretion and its possible relationship to the pathogenesis of peptic ulceration S. L. MALHOTRA ... 183
Partial biliary obstruction with cholangitis producing a blind loop syndrome A. J. SCOTT and G. A. KHAN ... 187
Immunoglobulins in chronic liver disease TEN FEIZI ... 193
Reproducibility of the hepatic uptake test of vitamin B_{12} absorption J. D. TOWNSEND, T. SMITH, and M. J. S. LANGMAN ... 199
Action of metoclopramide on gastric emptying and small bowel transit time W. B. JAMES and R. HUME ... 203
Electrical activity across human foetal small intestine associated with absorption processes R. J. LEVIN, O. KOLDOVSKÝ, J. HOŠKOVÁ, V. JIRSOVÁ, and J. UHER ... 206
Cephalic phase of pancreatic secretion in man H. SARLES, R. DANI, G. PREZELIN, C. SOUVILLE, and C. FIGARELLA 214
Carcinoma of the duodenum LOUIS KREEL and COLIN MACKINTOSH ... 222
Candida infection of the oesophagus JOHN M. HOLT ... 227
Computer analysis of intraluminal pressure records J. J. MISIEWICZ, SHEILA L. WALLER, M. J. R. HEALY, and E. A. PIPER ... 232
New clinical method for measuring the rate of gastric emptying: the double sampling test meal J. D. GEORGE ... 237

Contents

	Page
A new method of objective examination in proctology RAYMOND P. J. KERREMANS	243
Device for obtaining samples of intestinal contents for microbiological and biochemical examinations I. SKÁLA and J. ŠIMÁČEK	246
Gastroenterological Society of Australia	249
European Pancreatic Club	252
Notes and activities	259

No. 3 JUNE 1968

Signposts	261
Liver transplantation R. Y. CALNE	262
Antibodies and immunoglobulins in liver disease GEOFFREY WALKER and DEBORAH DONIACH	266
Effect of corticosteroid therapy on bromsulphthalein excretion in active chronic hepatitis G. C. COOK, MARTA VELASCO, and SHEILA SHERLOCK	270
Havens' haemagglutination test in infective hepatitis B. ARORA and A. E. READ	284
Ergot poisoning in acute hepatic necrosis M. J. WHELTON, A. ALLAWAY, ANNE STEWART, and L. KREEL	287
Epidemiological study of cholelithiasis among railroad workers in India with special reference to causation S. L. MALHOTRA	290
A fresh approach to the pathogenesis of pancreatitis A. D. MCCUTCHEON	296
Chronic pancreatitis and choledochoduodenal anastomosis M. KECLÍK, P. FRIČ, V. ŠMAT, and V. FRIEDBERGER	311
Value of exfoliative cytology in pancreatic carcinoma HOWARD GOLDSTEIN and LUTZ E. VENTZKE with the technical assistance of CARL WERNETT	316
Influence of the ABO blood groups and secretor status on bleeding and on perforation of duodenal ulcer D. A. P. EVANS, L. HORWICH, R. B. MCCONNELL, and M. F. BULLEN	319
Absorption of iron instilled into the stomach, duodenum, and jejunum J. RHODES, D. BETON, and D. A. BROWN	323
Idiopathic muscular strictures of the sigmoid colon C. CASSANO and A. TORSOLI	325
Effect of hypophysectomy on the gastric mucosa of the rat GERARD P. CREAN	332
A comparison between the effects of hypophysectomy and adrenalectomy on the gastric mucosa of the rat GERARD P. CREAN	343
Psychogenic vomiting OSCAR W. HILL	348
Familial amyloidosis with gastrointestinal neuropathy JOSE G. MONTEIRO	353
The extent of sigmoidoscopy shown on radiographs with special reference to the rectosigmoid junction M. R. MADIGAN and J. M. HALLS	355
British Society of Gastroenterology	363
Notes and activities	367

No. 4 AUGUST 1968

Signposts	369
Primary anorexia nervosa A. H. CRISP	370
Gastric intrinsic factor I. CHANARIN	373
Three cases of ischaemic colitis GEORGE H. DICKSON	376
Multiple tuberculous perforations of ileum W. G. PROUT	381
Crohn's disease and diffuse symmetrical periostitis G. NEALE, A. R. KELSALL, and F. H. DOYLE	383
Radiological findings in carcinoma of the colon complicating chronic ulcerative colitis JOHN J. FENNESSY, MARSHALL B. SPARBERG, and JOSEPH B. KIRSNER	388
The source of duodenal aspirate in man K. G. WORMSLEY	398
Action of pancreozymin preparations on gastric acid secretion M. NAKAMURA, S. NAKAJIMA, and D. F. MAGEE	405
Blood changes eight years after vagotomy with gastrojejunostomy compared with those after Polya partial gastrectomy ALAN G. COX, H. E. HUTCHISON, and C. A. J. WARDROP	411
Site and localization of duodenal ulcers: a study at operation R. M. KIRK	414
Gastric emptying rate of the water and fat phases of a mixed test meal in man C. A. CHANG, RICHARD D. MCKENNA, and IVAN T. BECK	420
Absorption and malabsorption of glycine and glycine peptides in man I. L. CRAFT, D. GEDDES, C. W. HYDE, IRENE J. WISE, and D. M. MATTHEWS	425
Retrospective review of 208 proved cases of anastomotic ulcer JOHN R. CONDON and NORMAN C. TANNER	438
Colonic motor activity and bowel function J. A. RITCHIE	442
Basal electrical activity in the anal canal in man W. J. WANKLING, B. H. BROWN, C. D. COLLINS, and H. L. DUTHIE	457
Hypertrophic tuberculosis of the rectum P. R. HAWLEY, H. R. I. WOLFE, and J. M. FULLERTON	461
Protein metabolism in the intestinal stagnant loop syndrome E. A. JONES, A. CRAIGIE, A. S. TAVILL, G. FRANGLEN, and V. M. ROSENOER	466
An analysis of the insulin test after vagotomy using single and multiple criteria G. GILLESPIE, I. E. GILLESPIE, and A. W. KAY	470
Effect of five salicylate-containing compounds upon loss of ^{51}chromium-labelled erythrocytes from the gastrointestinal tract of normal man WARREN L. BEEKEN	475
Incidence of primary carcinoma of the liver in the west of Scotland between 1949 and 1965 W. G. MANDERSON, R. S. PATRICK, and ELIZABETH E. PETERS	480
Slowly evolving widespread diffuse alimentary tract carcinoma (linitis plastica) J. PINTO CORREIA, AMÉLIA S. BAPTISTA, and J. FELIX ANTÓNIO	485
Acute fatty liver of pregnancy R. A. JOSKE, D. J. MCCULLY, and F. L. MASTAGLIA	489
Comment	494
Notes and activities	495

Contents

No. 5 OCTOBER 1968

	Page
Signposts	497
Diverticular disease of the colon: A 1968 view IFOR WILLIAMS	498
Colonic motor activity and bowel function. Part II: *Distribution and incidence of motor activity at rest and after food and carbachol* J. A. RITCHIE	502
Study of large bowel peristalsis J. D. HARDCASTLE and C. V. MANN	512
Studies of intestinal fermentation in ulcerative colitis R. D. MONTGOMERY, A. C. FRAZER, CATHRYN HOOD, J. M. GOODHART, M. R. HOLLAND, and R. SCHNEIDER	521
Amino acid incorporation into proteins of human normal and ulcerative colitis colonic mucosa MARTIN BROTMAN	527
An evaluation of perfusion techniques in the study of water and electrolyte absorption in man: the problem of endogenous secretions G. E. SLADEN and A. M. DAWSON	530
Biliary excretion of antibiotics in man G. ACOCELLA, R. MATTIUSSI, F. B. NICOLIS, R. PALLANZA, and L. T. TENCONI	536
A study of human gall bladder muscle *in vitro* A. J. MACK and J. K. TODD	546
Changes in the ultrastructure of gall bladder epithelium in rabbits with experimental gallstones A. F. HAYWARD, J. W. FRESTON, and I. A. D. BOUCHIER	550
Effects of ethyl alcohol on sphincteric resistance at the choledocho-duodenal junction in man R. C. PIROLA and A. E. DAVIS	557
Effect of sodium desoxycholate on the intestinal absorption and lymphatic transport of oleic acid in the bile fistula rat N. D. GALLACHER, J. P. W. WEBB, and A. M. DAWSON	561
Macroglobulinaemia and steatorrhoea J. BRADBURY, C. F. HAWKINS, D. S. ROWE, and D. R. STANWORTH	564
Primary lymphadenopathy complicating idiopathic steatorrhoea R. WHITEHEAD	569
Postgastrectomy malnutrition H. S. HILLMAN	576
B-Glucuronidase activity of gastric juice in gastric carcinoma R. I. RUSSELL and C. WATTS	585
Clinical evaluation of three long-acting anti-cholinergic compounds MICHAEL D. KAYE, JOHN RHODES, and PETER M. SWEETNAM	590
Calcium absorption in the normal bile-duct ligated, and cirrhotic rat, with observations on the effect of long- and medium-chain triglycerides A. K. KEHAYOGLOU, H. S. WILLIAMS, W. F. WHIMSTER, and C. D. HOLDSWORTH	597
Vagal influence in gastric acid secretion in normals and in duodenal ulcer patients HARMIT SINGH, R. K. GOYAL, D. S. AHLUWALIA, and H. K. CHUTTANI	604
Coarse duodenal folds in patients with peptic ulcer J. RHODES, J. H. LAWRIE, and K. T. EVANS	609
Radiotelemetering studies of jejunal *p*H before and after vagotomy and pyloroplasty J. D. MAXWELL, W. C. WATSON, J. K. WATT, and A. FERGUSON	612
An infrared spectrophotometric method of estimating polyethylene glycol 4000 MARGARET W. DAVIES and R. SHIELDS	617
European Association for the Study of the Liver	620
Comment	621
Notes and activities	622

No. 6 DECEMBER 1968

Signposts	623
Perfusion studies in relation to intestinal absorption G. E. SLADEN	624
Cell-mediated immune reaction to colon altered by bacteria SIDNEY FINK and ROLAND F. MAIS	629
Presence of a non-adrenergic inhibitory sytem in the human colon A. CREMA, M. DEL TACCA, G. M. FRIGO, and S. LECCHINI	633
Gastrin, acid, and bile G. J. COLE and A. M. CONNELL	638
Effects of SC 15396 on gastric secretion A. M. CONNELL, R. A. HILL, I. B. MACLEOD, W. SIRCUS, and C. G. THOMSON	641
Part I. Inhibition of canine gastric secretion by compound SC 15396 given orally and parenterally A. M. CONNELL	641
Part II. Inhibitory effect of SC 15396 on stimulated canine gastric secretion after surgical procedures I. B. MACLEOD and R. A. HILL	644
Part III. The action in the rat C. G. THOMSON and W. SIRCUS	649
Effect of orally administered prostaglandin E_1 on gastric secretion and gastrointestinal motility in man E. W. HORTON, I. H. M. MAIN, C. J. THOMPSON, and P. M. WRIGHT	655
Effect of vagotomy on the gastric secretion of acid chloride and pepsin in response to an antral stimulus and to insulin and maximal histamine stimulation F. I. TOVEY, M. SWAMINATHAN, K. PARKER, and A. DANIELL	659
Psychological factors, operative procedures, and results of surgery for duodenal ulcer A. I. M. GLEN and ALAN G. COX	667
Case of leiomyosarcoma of the duodenum and a review of the literature E. O. OLURIN and T. F. SOLANKE	672
Adrenergic fibres in the human intestine L. CAPURSO, C. A. FRIEDMANN, and A. G. PARKS	678
Insulin potentiation of the augmented histamine response R. G. CHECKETTS, I. E. GILLESPIE, and A. W. KAY	683
The effect of vagotomy on the human gastrooesophageal sphincter C. V. MANN and J. D. HARDCASTLE	688
Incidence of hiatus hernia in asymptomatic subjects N. H. DYER and R. B. PRIDIE	696
Hyperparathyroidism associated with chronic pancreatitis in a family MARTIN C. CAREY and OLIVER FITZGERALD	700
A controlled trial of carbenoxolene sodium capsules in the treatment of duodenal ulcer R. D. MONTGOMERY, I. H. LAWRENCE, D. J. MANTON, K. MENDL, and PAMELA ROWE	704
Bromsulphthalein metabolism in acute alcoholic liver disease PATRICIA WILKINSON, D. M. O'DAY, K. J. BREEN, and J. G. RANKIN	707
An immunological and histoimmunological study of gastric sulphoglycoproteins in healthy and aspirin-treated dogs I. P. T. HÄKKINEN, R. JOHANSSON, and M. PANTIO	712
Folic acid malabsorption in cardiac failure R. D. HYDE and C. A. E. H. LOEHRY	717
Comment: The stomach in iron-deficiency anaemia D. J. C. SHEARMAN and N. D. C. FINLAYSON	722
Notes and activities	724
